3 The Gunpowder Plot

Remember, remember the fifth of November

In 1605, a group of plotters made a secret plan to blow up the Houses of Parliament and King James I. They hid barrels of gunpowder in a cellar under the House of Lords. On the night of 4th to 5th November, Guy Fawkes was caught there, guarding the gunpowder. The King was safe, and people lit bonfires to celebrate. We still remember it every year with bonfires and fireworks.

These events are muddled up. Number them 1 to 5 to put them in the right order.

- ☐ Guy Fawkes is caught guarding the gunpowder.
- ☐ A group of plotters make a secret plan to blow up Parliament and King James I.
- ☐ Today, we still have bonfires and fireworks every 5th November.
- ☐ The plotters hide barrels of gunpowder in a cellar under the House of Lords.
- ☐ People light bonfires to celebrate that the King is safe.

1 Crossword

If a long word is stuck, fill in the short words that cross it first (GUY, KING, HEAT, BANG, STAR, LOGS).

2 Crack The Code

Because it was A BRIGHT SPARK.

The key letters E and N are not used.

3 The Gunpowder Plot

Top to bottom, the boxes read 3, 1, 5, 2, 4. In order:

1. A group of plotters make a secret plan to blow up Parliament and King James I.
2. The plotters hide barrels of gunpowder in a cellar under the House of Lords.
3. Guy Fawkes is caught guarding the gunpowder.
4. People light bonfires to celebrate that the King is safe.
5. Today, we still have bonfires and fireworks every 5th November.

4 Who Likes Which?

Isla: sparkler, toffee apple

Omar: rocket, hot chocolate

Theo: Catherine wheel, hot dog

Theo is the Catherine wheel (clue 1). Isla does not like rockets (clue 2), so Omar likes rockets and Isla sparklers. Omar has the hot chocolate (clue 3), Isla is not eating a hot dog, so Isla has the toffee apple and Theo the hot dog.

5 Think It Through

a) B. The rocket turns an eighth of a turn (45 degrees) clockwise each time, so next it points down to the right.

b) B. In the top row the big shape becomes the same shape, small. So the big star becomes a small star.

How to help with the I Spy

The I Spy answers are on the next page, with every one ringed on the picture.

Read each clue aloud together and talk about what it might be before they start looking. Then ask where in a cellar you might find it.

Where a clue starts with a number, they need to find all of them: 2 mice and 3 lanterns.

Two clues have a look-alike. The broom is the one with a brush end; the tall bundle of sticks beside it is not a broom. There is only one flame: the lanterns are not lit.

For the timeline, read the fact box together first: every answer is in it.
