How to help

Sound out the word search words together first, then look for the first letter. For the sudoku, ask "what is missing from this row?" before they draw. For the mirror bat, count the squares out from the dashed line on one side, then count the same number on the other side. For I Spy, if they get stuck, give a gentle clue such as "look near the fireplace", and remind them there are two keys and two teacups to find.
